ABOUT US

East West Consulting Group Ltd (EWCG) is an international construction consultancy delivering high-value professional services across the full project lifecycle – from early concept through delivery and close-out.

EWCG supports infrastructure, transportation, mixed-use, commercial, landscape, and public-sector developments with a strong focus on cost certainty, contractual clarity, and delivery efficiency.

With experience spanning Canada, the Middle East, and the Gulf region, EWCG combines global best practices with local market expertise to help clients manage risk, control cost, and achieve predictable outcomes on complex projects. Our approach is collaborative, data-driven, and results-oriented – ensuring our clients make informed decisions at every stage of their projects
